DERMATRIX DUO

RADIOFREQUENCY MICRONEEDLING FACE & NECK R2890 | 90 min

Our cutting edge, dual-action technology combines microneedling with Radiofrequency energy to work within the deeper layers of the dermis to tighten, smoothen and rejuvenate skin.

FRACTIONAL RADIOFREQUENCY FACE & NECK R3975 | 90 min

An ablative treatment for resurfacing and improving skin texture. This procedure carries more downtime but has noticeable results for smoother skin and a more vitalized complexion.

FACE AND NECK

VISIA SKIN ANALYSIS R615 | 45 min

Skin analysis with Visia® imaging technology. Highlights aspects of the skin invisible to the human eye to allow scientific recommendations for a targeted treatment plan.

MESOESTETIC AGE ELEMENT FACIAL R2560 | 75 min

Mesoestetics's global anti-ageing luxury facial is a tailor-made treatment that offers a hybrid of 3 elements in one. Formulated with epigenetic active ingredients for brightening, firming and anti-ageing

LAMELLE SIGNATURE FACIAL R1265 | 60 min

A gentle and pampering approach to nourish and strengthen your skin. Choosing from a cocktail of serums, your therapist will create the ideal recipe to promote cell renewal, brighten complexion and tone the skin.

DEEP CLEANSE FACIAL R1190 | 60 min

A thorough facial with deep cleansing, extractions to clear congested pores, and High Frequency to calm and clarify the skin. LED is a great add-on to enhance results.

TEEN FACIAL R780 | 45 min

A professional teen facial designed to address the challenges of adolescent skin and educate teens for long term results.

CHEMICAL PEELS From R1125 | 60 min

Resurfacing chemical peel treatments are ideal for maintaining and strengthening skin quality by removing the bonds of the superficial dead skin cells. This leads to improved cell turnover, healthier formation of deeper cell layers and improved absorption of home care products. Carefully chosen to address individual skin needs to target hyperpigmentation, photoaging, fine lines, acne, rosacea, sensitive skin and dehydration.

MICRONEEDLING from R2150 | 90 min

Microneedling with our gold standard technique to stimulate collagen production and improve surface texture and pore size. Choose between the technology of the patented Dermapen MD 4™ or an alternative microneedling device. Microchannels remain open for 15minutes - take your treatment to the next level by adding actives to penetrate the deeper layers of your skin while these channels remain open.

PIXEL PEELS from R2890 | 60 min

This innovative and very customizable procedure combines a variety of 3 different peels with 4 layers of microneedling. The enhanced effect of needling actives into the deeper levels allows for optimal results...a glorious glow! Downtime can vary depending on the actives chosen by the therapist on the day.

MESOTHERAPY from R5250 | 60 min

Active ingredients are deposited into the deeper layers of the skin using our VITAL injector™ targeting specific skin concerns like ageing skin, pigmentation and free radical sun damage. Rejuvenates, tightens, improves blood circulation, and stimulates collagen and elastin production.

COSMELAN PROFESSIONAL TREATMENT from R18 990 | 60 min

Cosmelan® is a professional depigmenting method that helps reduce visible pigmentation and supports its ongoing management. It offers both an immediate improvement in skin tone and a long-term approach to maintaining results.
